

2012 Annual Report

Partnership for the Future (PFF) was founded in 1994 to ensure that every motivated student in the Richmond area with limited resources could attend the college of their choice fully equipped and as equally prepared as their more privileged counterparts. We offer year-round activities like one-on-one mentoring sessions, personal development workshops, SAT prep classes, internships and college application coaching. Through our 19 years, it has been inevitably clear that these activities lay the foundation for our students to achieve the following success:

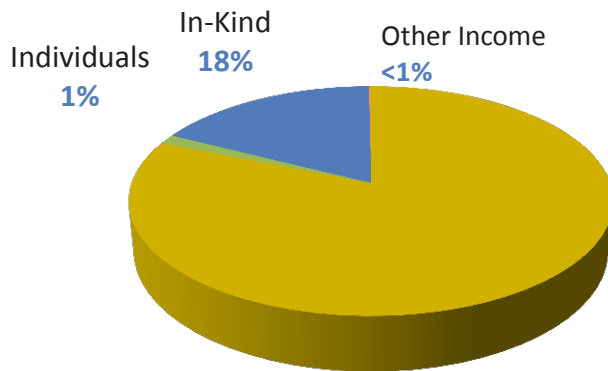

- More than 84% of the students who enter PFF complete the program
- 100% of the students who complete the program go on to a college or university
- On average, PFF students' SAT scores increase by more than 250 points
- The 15 students in the Class of 2012 earned more than \$2.4 million in scholarships
- PFF students consistently earn titles such as Valedictorians and Gates Millennium Scholars

Each year, we become increasingly overwhelmed with joy at our students' achievements. For there is no greater sensation than assisting our disadvantaged youth of today as they become strong leaders of tomorrow.

For the Year Ending 12/31/12
