First, we change lives. Then we change the future.

“The Partnership for the Future experiences have been such a wonderful advantage for me. From the college tours, to peer workshops, to upcoming SAT prep classes, it has helped me grow so much in my life and helped me become a better person and student. Partnership for the future is an awesome program, and I’m blessed to be a part of it each and everyday.”

According to Richardson, the success of the program and its participants, PFF has been able to improve and expand its services. “At the beginning, the program would have been much more intimate,” said Richardson. “We've been able to grow from a single area in the city.” As a result of the tremendous support from donors, students, and parents for continuing to provide the program, Richardson said, “I want to thank all of our funders, volunteers, and supporters. Your name may or may not be on the list, but you are all a part of this program.”
